Experience

React Native Developer | Exposys Data Labs | (Intern Virtual) [[Demo](#)] [[Exp Letter](#)] **Jun 2024 - Jul 2024**

- Developed an Exposys Virtual Internship (EVI) registration app where on applying any domain student can get notification within the app using React Native (Expo Sdk 51), Javascript, Firebase and Firestore.
 - The previous internship registration was handled on their website using a PHP form.
 - Optimized UI/UX experience resulting in an increase of 5-10% of registration.
-

Projects

GIT Bus Card | A gharda college e-bus card management portal [[Link](#)] **Jun 2022 - Aug 2024**

- A portal that streamlines bus card access for college students, minimizing physical card carry, reducing card loss, history of previous paid fees dates, and timely next fee due date alert via email using Nodemailer(Node.js).
- Designed and developed a portal with an admin dashboard.
- Used monolithic architecture and deployed it to netlify(frontend) and render(backend).
- Previous version PHP static based(without framework) which further shifted to MERN stack with a change in features [[Demo](#)]. This increases by 10% for admin to handle student bus card data and its data integrity.
- **Tech:** React.js, Javascript, Node.js, Express.js, JWT, MongoDB database, Netlify(frontend), Render(backend).

Farm2Tech | Dairy products app ui [[Link](#)] **Feb 2024 - Mar 2024**

- An app listed with dairy products can be added to the cart, with one-time order and monthly subscription.
 - Designed and implemented auth functionality to switch between auth and app.
 - Optimized UI/UX experience resulting in users interacting and purchasing dairy products.
 - **Tech:** React Native (Expo Sdk 49).
