Summary

MERN stack developer experienced in building web and mobile applications using React.js, React Native, Node.js, and MongoDB. Strong in RESTful APIs, database design, and cloud services, with a focus on performance, data integrity, and clean code.

Technical Skills

Frontend and Languages: HTML, CSS, Bootstrap, Tailwind, JavaScript

Technologies/Frameworks: React.js, React Native, Node.js, Express.js, JWT, Redux, Firebase, Razorpay, Stripe, Cloudflare, Cloudinary

Developer Tools: GitHub, Postman, Netlify, Render, Figma

Database: MySQL, MongoDB, PostgreSQL

Experience

Backend Developer | Savitar Innovative Solutions | [\[Exp\]](#)

Dec 2024 - Oct 2025

- Developed a Node.js backend with optimized RESTful APIs and efficient query handling.
- Managed development and production servers, ensuring smooth deployments and high uptime.
- Integrated payment webhook and cloud-based media storage for user-generated content.
- **Tech:** JavaScript, Node.js, Express.js, MongoDB, Firebase, Cloudflare, Razorpay, Stripe

Frontend Developer | Exposys Data Labs | Intern | [\[Exp\]](#)

Jun 2024 - Jul 2024

- Developed an internship registration mobile app enabling students to apply based on listed domains.
 - Implemented Firebase for secure user data storage and authentication.
 - Enhanced UI/UX using interactive illustrations and vectors, enhancing application efficiency and participation.
 - **Tech:** React Native, JavaScript, Firebase
-

Projects

LoopIn | Social media app | Full stack | [\[View\]](#)

- Developed a social media application with features including content posting, user mentions, hashtag support, likes, comments, following and profile management.
- Implemented Firebase OTP verification for secure signup and password updates.
- Integrated cloud-based media storage for user-generated content.
- **Tech:** React Native, Node.js, JWT, MongoDB, Firebase, Cloudinary

Milk2Market | Dairy product mobile app | Frontend | [\[View\]](#)

- Developed a dairy app aimed at empowering small-scale organizations providing streamlined dairy services. Offering one time and subscription based model options with customizable delivery dates.
- **Tech:** React Native, Node.js

GIT Bus Card | bus card management | [\[Visit\]](#)

- Developed a portal for college that enhances bus card access for college students, not to carry physical cards, with features like fee payment history, due date alerts via email. Admin dashboard to manage records, resulting in a reduction in late fee payments.
 - **Tech:** React.js, Node.js, JWT, MongoDB
-

Education

- **BE. Computer Engineering** | Gharda Institute of Technology | 2024 | 8.64 CGPA
- **HSC** | DBJ College, Chiplun | 2020 | 65.54%
- **SSC** | Suresh Damodar Gadre English Medium School, Chiplun | 2018 | 88.00%
